Policy for Attendance of Minors at World Marine Mammal Conference 2019

The WMMC Board has established the following policy regarding the active participation of underage people (under 18 years old) at the Conference.

This policy has been put into place to assure that all presentations will be led by adults, which was the assumption of the abstract review process.

At the WMMC'19:

- All presentations (Oral talks, Speed talks, Poster, etc.) during the WMMC'19 are to be led by an adult. A minor (underage person) can assist with the presentation.
- Underage assistants must always be with an accompanying adult when they are at the Conference.
- All accompanying adults of minors have to pay full registration for the WMMC'19.
- In special cases, minors can have a reduced fee (to be established on a case by case basis).
- Minors are not eligible for international travel grants.
